At Ronald Abram, we would like to ensure your bracelet is the perfect fit.

Visiting a jewellery professional will always provide the most accurate measurement but this guide offers the next best solution.*

How to Measure

Option 1 Use a paper measuring tape to measure around your wrist.

Option 2 Use a piece of string or ribbon to wrap around your wrist, mark the end of the string or ribbon with a pen and then measure the length with a ruler.

Your bracelet should fit comfortably around your wrist. Depending on whether you like a snug, comfortable or loose fit, consider going up or down a size.

You are welcome to contact us for further measurement advice.
